Conclusion

Conclusion

The Community Development Running Costs grant has been running for many years and is vital for the survival of many of our Community/Voluntary groups in the Borough. The application form and guidance criteria attached has had no major changes and the questions are aligned with the funding requirements we need to meet for DfC.

Any constituted community group that meets the funding criteria is able to apply for this funding. The Community development grant scheme has been updated to ensure that there is equity of access to the grants and to encourage as many people to apply as possible, a question has been added to the form requesting how the group promote equality and good relations this will ensure that the Council can in no way be seen to be supporting one particular religious belief, political opinion, racial group over another. The questions and scoring for the Scheme have been updated to ensure a range of groups can apply. Applications will be considered on core criteria. Applicants must clearly demonstrate in the application form how they meet these criteria.

Dependants (External)

For the Purposes of S75 a dependant can be classed as Persons with personal responsibility for the care of a child; for the care of a person with a disability; or the care of a dependant older person.

In Census 2021 one person in eight of NI population aged 5 or more (or 222,200 people) noted that they provided unpaid care. One important point to note in Policy making is that 2,600 children aged 5 to 14 in Northern Ireland provide unpaid care.

Ards & North Down LGD had the highest percentage of people who provide unpaid care throughout Northern Ireland , 13.7% estimated at 30,414 residents. 'Unpaid care' covers looking after, giving help or support to anyone because they have long-term physical or mental health conditions or illnesses, or problems related to old age

A dependent child is a person aged 0 to 15 in a household (whether or not in a family) or aged 16 to 18 in full-time education and living in a family with his or her parent(s) or grandparent(s). 'No dependent children' includes households with no children and households where all children are non-dependent.

In Ards and North Down there were 27,822 Children (defined as those aged 0 to 14). Children make up 19.2% of the Northern Ireland population. This percentage varies across the Local Government Districts and is lowest in Ards and North Down where the proportion is 17.0%.

According to Birth statistics on NISRA Ards and North Down recorded 2,854 births between 2020 and 2022 , giving an indication of the numbers using buggies or prams in use.
