Disclosure of Information

Developers and applicants should be aware that information related to pre-application requests may be subject to requests under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004. The Act and Regulations provide for some exemptions from the need to disclose commercially sensitive information and in cases where applicants consider that specific information is exempt from the requirements of the Act or the regulations, the justification for their position should be provided to the relevant council planning office (or Department as the case may be).

Status of Pre-application Advice

General advice obtained from the Department's or relevant councils website or indeed

advice obtained through discussions with duty officers or through the pre-application discussion process does not bind the council, or as the case may be the Department, in making a formal decision at the regulatory stage, following public consultation with all interested parties and consultation with relevant stakeholders.

It is important to note therefore that all pre-application advice is given without prejudice to the formal consideration of a planning application as other information may arise from consultations, third party representations or policy changes during the regulatory determination process. Any variations from the general advice offered at the pre-application stage would be unusual.
