Political  
Opinion

**Summary:**

Electoral Office data from recent Local Government elections detail the political representation on Ards and North Down Council, The Stormont Executive for this electoral area and Westminster election. This data is an approximate measure of political opinion of the voting electorate within the Borough. Turnout to vote in North Down and Strangford constituencies tend to be lower than the rest of NI suggesting less strong political opinions. Of those who do turn out, the results show preferences for voting Unionist parties.

Sexual orientation **Summary:** It should be noted that no reliable data is available on sexual orientation-NISRA are currently examining methodology on how to measure this. However, the 2011 census indicates that less than 1% of the Northern Ireland adult population (those

The Continuous Household Survey in Northern Ireland estimated this figure between 0.9% and 1.9% in 2015-2016.
